DATASHEET

Okadaic Acid Sodium Salt

Product overview

Name	Okadaic Acid Sodium Salt
Cat No	HB0470
Biological action	Inhibitor
Purity	>98%
Description	Water soluble, potent protein phosphatase 1 and 2A inhibitor

Biological Data

Biological description	Water soluble. Potent protein phosphatase 1 (PP1) and 2A (PP2A) inhibitor (IC ₅₀ values are 3 and 0.2-1 nM). Found in the black sponge Halichondria okadae. Mimics effects of insulin on glucose transport in adipocytes. Displays tumour promoting properties.
-------------------------------	--

Solubility & Handling

Storage instructions	-20 °C (desiccate)
Solubility overview	Soluble in DMSO (1mg/ml) or ethanol
Important	This product is for RESEARCH USE ONLY and is not intended for therapeutic or diagnostic use. Not for human or veterinary use.
