DATASHEET

22-NHC (inactive isomer)

Product overview

Name	22-NHC (inactive isomer)
Cat No	HB3719
Purity	>98%
Description	Inactive control compound for hedgehog signaling inhibitor 22-NHC

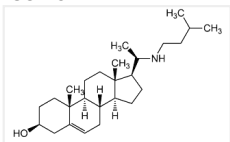

Biological Data

Biological description	Inactive control compound for hedgehog signaling inhibitor 22-NHC.
-------------------------------	--

Solubility & Handling

Storage instructions	+4 °C
Important	This product is for RESEARCH USE ONLY and is not intended for therapeutic or diagnostic use. Not for human or veterinary use.

Chemical Data

Molecular Weight	387.6
Chemical structure	
CAS Number	40521-33-3
InChiKey	PCLDERUMTJBTTY-XSLNCIIRSA-N
Appearance	White solid
