DATASHEET

Agistatin B

Product overview

Name	Agistatin B
Cat No	HB3744
Purity	>98%
Description	Cholesterol biosynthesis inhibitor

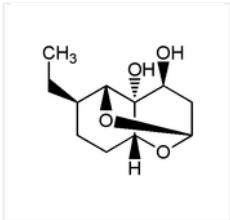

Biological Data

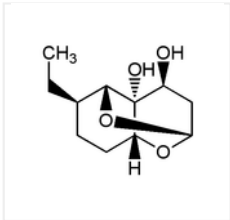

Biological description	Tricyclic analog of agistatin A. Cholesterol biosynthesis inhibitor.
-------------------------------	--

Solubility & Handling

Storage instructions	+4 °C
Important	This product is for RESEARCH USE ONLY and is not intended for therapeutic or diagnostic use. Not for human or veterinary use.

Chemical Data

Chemical name	(2R,4S,4aR,5R,6R,8aR)-6-Ethyl-octahydro-2H-2,5-epoxy-chromene-4,4a-diol
Molecular Weight	214.3
Chemical structure	

CAS Number	144096-46-8
InChiKey	VPNRLNAIVJHRND-YKXXYHOCSA-N
Appearance	White to off-white solid
