DATASHEET

Aphidicolin-3 α ,18-acetonide

Product overview

Name	Aphidicolin-3 α ,18-acetonide
Cat No	HB3767
Purity	>98%
Description	Derivative of Aphidicolin

Biological Data

Biological description	Derivative of Aphidicolin. Mycotoxin. So far no comparison to aphidicolin's biological activity (DNA polymerase alpha antiviral and antitumor activity) has been performed.
-------------------------------	---

Solubility & Handling

Storage instructions	+4 °C
Important	This product is for RESEARCH USE ONLY and is not intended for therapeutic or diagnostic use. Not for human or veterinary use.

Chemical Data

Molecular Weight	378.4
Chemical structure	
CAS Number	110386-56-6
InChiKey	POOCFISONDQNON-HZXDTFASSA-N
Appearance	White solid
