DATASHEET

CHS-828

Product overview

Name	CHS-828
Cat No	HB3837
Purity	>98%
Description	IκB kinase inhibitor. NF-κB inhibitor.

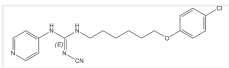

Biological Data

Biological description	Antitumor compound. Programmed cell death inducer. Cytotoxic. Antiproliferative. p53 activator. IκappaB kinase inhibitor. NF-kappaB inhibitor. Namp1/visfatin inhibitor.
-------------------------------	--

Solubility & Handling

Storage instructions	+4 °C
Important	This product is for RESEARCH USE ONLY and is not intended for therapeutic or diagnostic use. Not for human or veterinary use.

Chemical Data

Molecular Weight	371.9
Chemical structure	
CAS Number	200484-11-3
PubChem identifier	0
SMILES	<chem>Clc1ccc(OCCCCCN=C(NC#N)Nc2ccncc2)cc1</chem>
InChiKey	BOIPLTNGIAPDBY-UHFFFAOYSA-N
Appearance	White to off-white solid
