DATASHEET

Elmycin B

Product overview

Name	Elmycin B
Cat No	HB3886
Purity	>98%
Description	Antibiotic with antibacterial activity

Biological Data

Biological description	Antibiotic. Antibacterial. Moderate cytotoxic.
-------------------------------	--

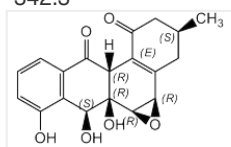

Solubility & Handling

Storage instructions	+4 °C
Important	This product is for RESEARCH USE ONLY and is not intended for therapeutic or diagnostic use. Not for human or veterinary use.

Chemical Data

Chemical name	(1aR,3S,5bR,11S,11aR,11bR)-10,11,11a-Trihydroxy-3-methyl-3,4,5b,11,11a,11b-hexahydrotetraphenooxirene-5,6(1aH,2H)-dione
Molecular Weight	342.3

Chemical structure

CAS Number	128233-09-0
InChiKey	KALVKBCVJGXOKE-UHKOQCFTSA-N
Appearance	Beige solid
