DATASHEET

Eremofortin B

Product overview

Name	Eremofortin B
Cat No	HB3892
Purity	>98%
Description	Eremophilane sesquiterpene. Nontoxic secondary metabolite from <i>Penicillium roqueforti</i> .

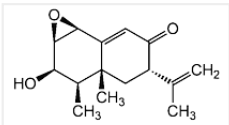

Biological Data

Biological description	Eremophilane sesquiterpene. Nontoxic secondary metabolite from <i>Penicillium roqueforti</i> .
-------------------------------	--

Solubility & Handling

Storage instructions	+4 °C
Important	This product is for RESEARCH USE ONLY and is not intended for therapeutic or diagnostic use. Not for human or veterinary use.

Chemical Data

Molecular Weight	248.3
Chemical structure	
CAS Number	60048-73-9
PubChem identifier	0
SMILES	<chem>CC1C(O)C2OC2C3CC(=O)C(CC13C)C(C)=C</chem>
InChiKey	OXZGFGFICRZIFY-DURCKFPESA-N
Appearance	Off-white solid
