DATASHEET

H2S Donor 5a

Product overview

Name	H2S Donor 5a
Cat No	HB3923
Purity	>98%
Description	Cysteine-activated hydrogen sulfide (H2S) donor

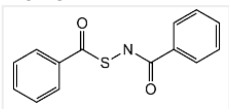

Biological Data

Biological description	Cysteine-activated hydrogen sulfide (H2S) donor. Regulates the rate of H2S generation.
-------------------------------	--

Solubility & Handling

Storage instructions	+4 °C
Important	This product is for RESEARCH USE ONLY and is not intended for therapeutic or diagnostic use. Not for human or veterinary use.

Chemical Data

Molecular Weight	257.3
Chemical structure	 <chem>O=C(c1ccccc1)SNC(=O)c2ccccc2</chem>
CAS Number	134861-13-5
InChiKey	IJYATHJDICJZLJ-UHFFFAOYSA-N
Appearance	White solid
