DATASHEET

Isatropolone A

Product overview

Name	Isatropolone A
Cat No	HB3943
Purity	>98%
Description	Cytostatic and cytotoxic compound

Biological Data

Biological description	Cytostatic. Cytotoxic (3-10 μ M).
-------------------------------	---------------------------------------

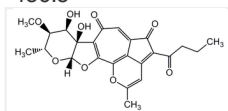

Solubility & Handling

Storage instructions	+4 °C
Important	This product is for RESEARCH USE ONLY and is not intended for therapeutic or diagnostic use. Not for human or veterinary use.

Chemical Data

Molecular Weight
Chemical structure

456.5

InChiKey	GPTONKSPQNETHU-DLIRKSNVSA-N
Appearance	Orange powder
