DATASHEET

Manumycin B

Product overview

Name	Manumycin B
Cat No	HB3968
Purity	>98%
Description	Rasfarnesyltransferase inhibitor

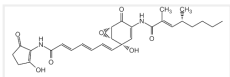

Biological Data

Biological description	Antibiotic. Antibacterial. Active against Gram-positive bacteria. Rasfarnesyltransferase inhibitor. Apoptosis (Caspase-1) inhibitor. AChE inhibitor.
-------------------------------	--

Solubility & Handling

Storage instructions	+4 °C
Important	This product is for RESEARCH USE ONLY and is not intended for therapeutic or diagnostic use. Not for human or veterinary use.

Chemical Data

Molecular Weight	510.6
Chemical structure	
CAS Number	139023-58-8
InChiKey	ZGICGDCGECBVTD-LOWJZYKPSA-N
Appearance	Yellow to brown powder
