DATASHEET

Necrostatin-5

Product overview

Name	Necrostatin-5
Cat No	HB3994
Purity	>98%
Description	Necroptosis inhibitor. Indirect RIP1 kinase inhibitor.

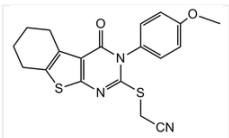

Biological Data

Biological description	Necroptosis inhibitor. Indirect RIP1 kinase inhibitor. Cardioprotective
-------------------------------	---

Solubility & Handling

Storage instructions	+4 °C
Important	This product is for RESEARCH USE ONLY and is not intended for therapeutic or diagnostic use. Not for human or veterinary use.

Chemical Data

Chemical name	Nec-5; 3-p-Methoxyphenyl-5,6-tetramethylenothieno[2,3-d]pyrimidin-4-one-2-mercaptoethylcyanide
Molecular Weight	383.5
Chemical structure	
CAS Number	337349-54-9
InChiKey	VGONMECBFMCKBS-UHFFFAOYSA-N
Appearance	White to off-white solid
