DATASHEET

Palmarumycin C3-5,8-quinone

Product overview

Name	Palmarumycin C3-5,8-quinone
Cat No	HB4014
Purity	>96%
Description	Spirobisnaphthalene derivative

Biological Data

Biological description	Spirobisnaphthalene derivative. Oxidation product of palmarumycin C3. This compound has not yet been thoroughly tested for its biological activity.
-------------------------------	---

Solubility & Handling

Storage instructions	+4 °C
Important	This product is for RESEARCH USE ONLY and is not intended for therapeutic or diagnostic use. Not for human or veterinary use.

Chemical Data

Molecular Weight	346.3
Chemical structure	
InChiKey	OJAVNHSKBHEAOA-RTBURBONSA-N
Appearance	Purple solid
