DATASHEET

Sarcophine

Product overview

Name	Sarcophine
Cat No	HB4076
Purity	>97%
Description	Acetylcholine esterase and ATPase inhibitor

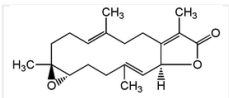

Biological Data

Biological description	Acetylcholine esterase and ATPase inhibitor. Ichthyotoxin. Tumorigenesis and JB6 cell transformation inhibitor.
-------------------------------	---

Solubility & Handling

Storage instructions	+4 °C
Important	This product is for RESEARCH USE ONLY and is not intended for therapeutic or diagnostic use. Not for human or veterinary use.

Chemical Data

Molecular Weight	316.4
Chemical structure	
CAS Number	55038-27-2
PubChem identifier	0
SMILES	<chem>C\C1=C/C/C2(C)OC2CCC(=C/C3OC(=O)C(=C3CC1)C)/C</chem>
InChiKey	CGAKBBMRMLAYMY-YRWNJAEKSA-N
Appearance	White to off-white solid
