DATASHEET

Z-Leu-Leu-Phe-CHO

Product overview

Name	Z-Leu-Leu-Phe-CHO
Cat No	HB4137
Purity	>95%
Description	Reversible and cell permeable proteasome inhibitor

Biological Data

Biological description	Reversible and cell permeable proteasome inhibitor. Specifically inhibits the chymotrypsin-like activity of the proteasome. Calpain and cathepsin inhibitor. Does not inhibit the peptidyl-glutamyl peptide hydrolyzing activity of MPC.
